Management (or managing) is the  
administration of an organization,  
whether it is a business, a  
not-for-profit organization, or  
government body. Management  
includes the activities of setting  
the strategy of an organization  
and coordinating the efforts of its  
employees (or of volunteers) to  
accomplish its objectives through  
the application of ... Wed, 18 Apr

Economic resources. In  
economics a resource is defined  
as a service or other asset used to  
produce goods and services that  
meet human needs and wants.  
Economics itself has been defined  
as the study of how society  
manages its scarce resources.
